

KNOCKING ME DOWN

Chorus:

*Knocking me down, building me up
Streets rising from the dust
Bigger, better, stronger, cleaner
I am Anglia Square*

Verse 1:

I'm an old apartment
I'm broken and cracked
I am the clock
I'm rusty, I'm stopped
My shops are empty
My cinema, cracking
Broken buildings
That's what I am
Broken windows, broken bricks
Broken clocks, broken glass
Rusty and crumbling
Somebody fix me
I am abandoned
I am Anglia Square

CHORUS

Verse 2:

Look, can't you see
There is more to me
I have done my part x 2
I remember people dancing
I remember people laughing
I remember shops opening
I remember shops closing
I've seen laughing children everywhere
Seen people gossiping nonsense
People feeding pigeons
People spray painting my walls
Laughing and squeaking
Remember, rememeber me
I went on and on
I went on and on and on and on

CHORUS

Look can't you see
There's more to me
I am Anglia Square.
